

Name ..... Topic .....

Area of Investigation .....

Inquiry Question .....

In a few sentences, write a synthesis of what you have learned from your research about this Inquiry Question. This synthesis should provide an answer to your Inquiry Question, referencing sources. At this point, you are NOT yet expected to provide your personal perspective. You simply give an account of your analysis of sources. Draw from the Forming and Organizing Evidence-Based Claims tools you have developed for this Inquiry Question and use connecting words to help express the logic of your ideas.

Lined writing area for the synthesis response.
