Note to Teacher

Please use this final day to address class results of the Domain Assessment. Based on the results of the Domain Assessment and students' Tens scores, you may wish to use this class time to provide remediation opportunities that target specific areas of weakness for individual students, small groups, or the whole class.

Alternatively, you may also choose to use this class time to extend or enrich students' experience with domain knowledge. A number of enrichment activities are provided below in order to provide students with opportunities to enliven their experiences with domain concepts.

Remediation

You may choose to regroup students according to particular area of weakness, as indicated from Domain Assessment results and students' Tens scores.

Remediation opportunities include:

- targeting Review Activities
- revisiting lesson Extensions
- rereading and discussing select read-alouds
- reading the corresponding lesson in the *Supplemental Guide*, if available

Enrichment

Class Book: Stories

Materials: Drawing paper, drawing tools

Tell the class or a group of students that they are going to make a class book to help them remember what they have learned thus far in this domain. Have each student choose one story to illustrate and then write a caption for the picture. Bind the pages to make a book to put in the class library for students to read again and again.

On Stage

Have a group of students plan and act out one of the stories they have heard thus far.

Domain-Related Trade Book or Student Choice

Materials: Trade book

Read an additional trade book to review a particular story; refer to the books listed in the Introduction. You may also choose to have the students select a read-aloud to be heard again.

Stories from Around the World

Materials: Various stories from students' home cultures

Read a story from one of your students' home cultures. If students are familiar with the story, they can choose to tell the story with you. After reading the story, talk about its characters, settings, and plot.

Exploring Web Resources

Materials: Domain-related student websites

Pick appropriate websites from the web for further exploration of stories.

Videos of Stories

Materials: Videos of stories

Carefully peruse the web for short (five-minute) videos related to stories covered in the domain. Prepare some questions related to the videos. Discuss how watching a video is the same as and different from listening to a story book.
