**GRADE LEVEL ACADEMIC DEMAND**  
*With Some Guidance and Support, Develop and Strengthen Writing by Planning, Revising, Editing or Trying a New Approach Using Previous Strategies*

**Linguistic Demands:** The following are examples in English that may vary based on the language of instruction. In the first three levels (entering, emerging and transitioning), students can approach these linguistic demands in the new and/or home language.

- Use question forms that support interaction with peers to offer and ask for suggestions to strengthen writing (e.g., Can you explain this more clearly? Is this the right sequence of events? Why did you use that word? Do you think that \_\_\_\_\_? Can you help me with this section? What did you want to say? Have you thought about trying a different perspective?).
- Use question forms that address purpose or audience (e.g., Who will be reading your essay? What is its purpose? What exactly do you want to say?).

### Example to Address the Linguistic Demands

This standard does not have an example of a linguistic demand because it requires that students ask and answer questions to strengthen their writing. For examples of text excerpts, refer to the Reading for Information and Reading Literature standards for 8th grade.
