GRADE LEVEL ACADEMIC DEMAND
Narrate an Event and Describe a Reaction

Linguistic Demands: The following examples are in English but may vary based on the language of instruction. In the first three levels (entering, emerging and transitioning), students can approach these linguistic demands in the new and/or home language.

- Use verbs to describe an event.
- Use adjectives (e.g., happy, sad) to describe a reaction to what happened.

Example to Address the Linguistic Demands

This standard does not have an example of a linguistic demand because it requires writing, drawing or dictating and providing a reaction to what happened. Sample texts can be found in the Reading for Information and Reading Literature standard 3 for Prekindergarten.
